## FOODLUBE CHAIN SPRAY

### Non-toxic Chain Lubricant

#### Description

ROCOL FOODLUBE CHAIN SPRAY is formulated to be free from mineral hydrocarbons and is suitable for the lubrication of all types of chains and conveyors where incidental contact with foodstuffs may occur, or in applications where a clean, non-toxic lubricant is preferred.

ROCOL FOODLUBE CHAIN SPRAY is designed to resist water wash off and is particularly suitable for use in wet conditions and applications where frequent wash down occurs.

#### Outstanding Features

- ? **FDA listed ingredients. Meets the former requirements of the USDA, category H1.**
- ? **Excellent corrosion protection**
- ? **Good load carrying capabilities**
- ? **Non drip tenacious film**
- ? **Does not contain any animal derived materials, or any genetically modified ingredients**

#### Directions for use

Shake well before use and spray from a distance of 15-25cm.

#### Technical Data

<i>Appearance</i>	: <i>Amber Fluid</i>
<i>Base Fluid</i>	: <i>Blend of esters and glycerides</i>
<i>Viscosity at 40°C</i>	: <i>119 cSt</i>
<i>Propellant</i>	: <i>Hydrocarbon blend.</i>
<i>Temperature range of applied film</i>	: <i>-30°C to +150°C</i>
